SANDERS & FRYE BREAK GROUND ON BALBOA AVENUE MEDIAN IMPROVEMENT PROJECT

Sanders & Frye working together to beautify community

San Diego, CA- Today, Mayor Jerry Sanders and Councilmember Donna Frye broke ground on a long awaited Balboa Avenue Median Improvement Project.

Mayor Sanders said, “I want to thank the members of the Balboa Avenue Citizens Advisory Committee for their dedication and leadership in attracting broad segments of the community and professional staff in the development of this project. Your work will always be appreciated by this community.”

Councilmember Frye stated, “The groundbreaking of this project is a wonderful example of what can happen when the community works together towards a common goal. Many people have devoted countless hours to this project and when it is completed it will reflect an improved quality of life for all of the residents of Clairemont.”

The groundbreaking took place at the intersection of Balboa Avenue and Moraga Avenue. The Balboa Avenue Median Improvement Project improves the quality and accessibility of existing medians along the Balboa Avenue corridor. The Balboa Avenue Citizens Advisory Committee has worked with the City’s Engineering and Capital Projects Department to develop the scope of this comprehensive median enhancement and beautification project. Improvements will include: landscaped medians with an irrigations system, decorative cobble paving, public artwork, community sign improvements, extension of turn lanes, as well as other enhancements for approximately 3.3 miles from Interstate 805 to Interstate 5.

Mayor Sanders was sworn in as mayor of the San Diego in December 2005. Frye is the Councilmember for the Sixth Council District of the City of San Diego, which includes the communities of Clairemont, Kearny Mesa, Linda Vista, Mission Bay, Mission Valley and Serra Mesa. She has served on the City Council representing District Six since 2001.
